

Special session proposal for IJCIEOM 2025 conference SPS12

1. Session title: Analytic Hierarchy Process applied to circular economy, ESG, and sustainability.

2. Session objectives:

This special session welcomes real-world applications of the Analytic Hierarchy Process (AHP), focusing on the circular economy and the Environmental, Social, and Governance (ESG) principles, as well as major topics in Sustainability. Topics on Sustainability include green supply chains, renewable energy systems, and reverse logistics, to name a few.

3. Organizer(s):
